

# Homework : Gone Fishin'

A fisherman conducted an experiment on the number of fish caught in a 4-hr period under different conditions.

Experimental trials were conducted at a fish farm in Wisconsin.

	<u>LOW</u>	<u>HIGH</u>
A Location	pier	boat
B Bait Type	worms	night crawlers
C Time of Day	day	night
D Weather	no rain	rain
E Hook Size	small	large

Copy the data from: **Project: DOEv5.1.xls**  
**Worksheet: FishFarm\_full**

Go through the appropriate steps of analysis and draw conclusions.
