Subtotal	Task	Criteria	Comments	Possible	Received	Total
/8	Data preparation	correct replacement of text to values/T2		4		
		correct total mean T1, T2		2		
/25	Hypothesis 1 $\mu \neq 3.5$	**Sample size, What test was run & why**, directionality, statistical or research hypothesis mentioned		3		
		Assumptions Check -normality* DV		3		
		Results in APA style		5		
		Conclusion on H1		3		
		Complete **Tables/Figures in APA** style		3		
/30	Hypothesis 2 $\mu_{fc\ users} > \mu_{fc\ non\text{-}users}$	**Sample size by group, What test was run and why,** directionality, statistical or research hypothesis mentioned		3		
		Assumptions Check -normality DV by group, homogeneity of variances		6		
		Results in APA style		5		
		Conclusion on H2		3		
		Complete **Tables/Figures in APA** style		3		
/25	Hypothesis 3 $\mu_{difference} > 0$	**Correct data** selected		3		
		Sample size, What test was run and why, directionality, statistical or research hypothesis mentioned		3		
		Assumptions Check -normality DV		3		
		Results in APA style		5		
		Conclusion on H3		3		
		Complete **Tables/Figures in APA style**		3		
	Hypothesis 4 $p_{expected} \neq p_{observed}$	**Sample size, What test was run and why,** directionality, statistical or research hypothesis mentioned		3		
		Assumptions Check -min 5 expected cells		2		
		Results in APA style		5		
		Conclusion on H4		3		
		Complete **Tables/Figures in APA style**		3		
	Hypothesis 5 $P_{slovak} \neq P_{german}$	**Sample size, What test was run and why,** directionality, statistical or research hypothesis mentioned		3		
		Assumptions Check -min 5 expected cells		2		
		Results in APA style + proportion of difference		5		
		Conclusion on H5		3		
		Complete **Tables/Figures in APA style**		3		
	Hypothesis 6 $P_{PRE} \neq P_{POST}$	**Sample size, What test was run and why,** directionality, statistical or research hypothesis mentioned		3		
		Assumptions Check		1		
		Results in APA style		5		
		Conclusion on H6		3		
		Complete **Tables/Figures in APA style**		3
